PPCL has been engaged in manufacturing and marketing of various bulk drugs and intermediate like analgesics, antipyretics, antibiotics, antibacterial etc. PPCL envisaged cost of setting-up the project to be Rs. 610 Lakh which was financed by public issue of Rs. 402.50 Lakh in July, 1994, raising contribution by promoters of Rs. 172.50 Lakh and balance by internal accrual / subsidy. PPCL had availed loan assistance from GSFC, Malad Sahakari Bank Ltd. for its capex and expansion programs and availed working capital credit facilities from Union Bank of India.
- 1.3. PPCL's operations were satisfactory till the year 1999-00. Thereafter, the financial position of PPCL started to deteriorate owing to several closure notices issued by Gujarat Pollution Control Board (GPCB); refusal by GPCB to allow PPCL for repacking of materials outsourced by it; taking of possession of the running plant by Gujarat State Finance Corporation (GSFC) under provisions of SFC Act and non commercialization of new products and high interest burden. Consequently, PPCL could not commercialize production of various new products developed under R&D division. The financial position was further aggravated due to loss in value of inventory holdings; heavy interest burden and adverse operating leverage etc.
- 1.4. PPCL's net worth turned negative as on the date of Balance Sheet - 31<sup>st</sup> March, 2002 and was declared as Sick company on 23<sup>rd</sup> September, 2005.

*(Signature)*

- 1.5. PPCL, in compliances with the directions of BIFR order dated 23.09.2005, had in December 2005 submitted comprehensive proposal for rehabilitation seeking reduction of debt to sustainable level. The said rehabilitation proposal was not found support-worthy by the lending institutions and banks. PPCL was advised to explore possibility of OTS with the lenders.
- 1.6. PPCL started working on OTS proposal and submitted the same to each of the Banks and the Institution. Subsequently, PPCL has duly settled and paid the dues of GSFC and Malad Sahakari Bank Ltd. and obtained No Due Certificate from both of them. While the OTS proposal was under consideration, Union Bank of India assigned its debt to Asset Reconstruction Company India Ltd. (ARCIL) during September, 2008. Thereafter, PPCL negotiated with ARCIL for OTS for Rs. 140 Lakh and paid off these dues and has obtained No Dues Certificate dated 22.12.2009 from ARCIL. PPCL has now become a debt-free company.
- 1.8. All these years, due to lack of working capital, PPCL has been doing contract manufacturing and sustaining its operations. It could not expand / diversify its activities due to the pending settlement with lenders. Now, after settlement with all the lenders PPCL is contemplating to start its own production besides contract manufacturing in due course.

## 6.0 TECHNICAL & PROFESSIONAL STAFF

## 7.0 REASONS FOR SICKNESS

- 7.1. PPCL's performance was affected on account of the following reasons:
  - a. **Failure of right issue:** In the year 2000-01 PPCL came with right issue of Rs. 600 Lakh to meet the cost of expansion program with new products. However, due to weak sentiments at the relevant time prevailing in the market, the right issue could not get through successfully and therefore the subscription so received by PPCL had to be refunded back to the investors.
  - b. **Non Commercialization of new products:** PPCL in anticipation of funds has invested funds exceeding to Rs. 200 Lakh in development / productions of at semi finished stage of various new products. The new products never came for commercial production and the investment made have gone into vain.
  - c. **Heavy interest burden:** PPCL could not complete the expansion project as originally envisaged for commercialization of its R&D products. As the plant working was below BEP, cost of interest per unit production was very high.
  - d. **Adverse operating leverage:** Owing to working below BEP level, PPCL has suffered losses at operating levels.

- e. Refusal by GPCB to allow PPCL for repacking of material, consequently, PPCL's arrangement for outsourcing the material and sale the same could not materialize.

#### 10.0 SELLING & MARKETING ARRANGEMENTS

PPCL is already in touch with various large buyers in India and abroad including multinationals and export houses for exclusive arrangement for selling its products. PPCL's marketing strategy is collaborative approach with the international companies where it can remain as a link in complete supply chain.

#### 11.0 THE REHABILITATION SCHEME

- 11.1 The Rehabilitation Scheme envisages following strategy for revival of the company:
- 11.2. PPCL has formulated rehabilitation strategies based on operational restructuring as well as financial restructuring. The rehabilitation strategy aims at comprehensive management and operational restructuring through comprehensive process re-engineering, share capital restructuring and settlement of debt payable to ARCIL.
- 11.3 The company has filed the reference observing erosion of entire net worth based on audited Balance Sheet as on 31.03.2002 i.e. accumulated losses of Rs. 704.92 Lakh have exceeded Paid up capital of Rs. 599.97 Lakh. The company has suffered further losses and during the period up to 31.03.2010 the accumulated losses have increased to Rs. 666.36 lakh.
- 11.4. The promoters presently holding merely 32% of equity shares have undertaken the entire responsibility for revival of the company. The promoters have settled and paid dues of all its secured creditors by infusing own funds of Rs. 195 Lakh. The promoters are undertaking cost cutting measures and also committing to infuse further funds of Rs. 305 Lakh, consequently, now the company is on path of definite revival. It may be observed that presently the intrinsic value of each equity share of Rs. 10/- each is NEGATIVE and to bring in parity with newly infused/ to be infused capital, the company need to de-rate the existing paid value of its equity shares. Further, the company to wipe off accumulated losses requires de-rating of equity shares. Therefore, the promoters have proposed de-rating of existing paid-up shares capital by 60%, including of their existing holdings, reduced the accumulated losses by Rs. 359.98 Lakh (being 60% of Rs. 599.97 Lakh the existing capital). In spite of these appropriation as on 31.03.2010 the company continues to have accumulated losses of Rs. 128.03 Lakh. The promoters have already

infused Rs. 195 Lakh as Promoters contribution and agreed for lock in period restriction as stipulated by SEBI. Thus, the derating of equity by 60% is justified.

11.5. The scheme envisages infusion of funds by the promoters to meet payment obligation under OTS, converting the contribution into equity share capital, augmenting working capital etc. The revival strategies are as follows:

- a. Revival Strategies of PPCL are primarily focused on breaking of debt trap by seeking waiver of unsustainable borrowings from lending institutions. PPCL has already settled and paid dues of all its secured lenders namely GSFC, Malad Sahakari Bank Ltd. and ARCIL, assignee of Union Bank of India. The details of payment under settlement and income on waiver of liabilities are given hereinabove.
- b. Repairing and refurbishment of plant and equipments: PPCL has already made expenditure for normal repair and maintenance to ensure smooth production. The party which is getting job-work done at the factory premises is also ensuring that the plant is kept in good operating condition.
- c. PPCL is doing job-work and envisages to resume own production sales on sanction of rehabilitation scheme.
- d. Exemption under section 41(1) of Income Tax Act, 1961 in respect of profit chargeable to tax on account of interest waivers.
- e. Undertaking cost-cutting measures: Economy in administrative overheads to the extent feasible and rationalization of the manpower at factory and office.
- f. Restructuring and reduction in paid up equity share capital: PPCL has paid up capital of Rs. 599.97 Lakh consisting of Rs. 60 Lakh shares of Rs. 10 each. PPCL proposes to reduce paid up value of shares to Re. 1/- each. Reduction in paid up capital of Rs. 359.98 Lakh would be utilized for appropriation towards accumulated losses. The equity share capital of PPCL shall be written - down by 60% of the existing paid up value. Thus, each share of Re. 10/- fully paid up shall be written - down to Re. 4/- each. The reduction in value of shares would be appropriated against the accumulated losses. After reduction of paid up value of the equity share, the company shall issue 4 equity shares of Rs 1 each in lieu of 1 equity share of Rs 10 each.
- g. Issuance of fresh equity shares : PPCL envisaging to receive funds of Rs. 555 Lakh from the promoters and associates in the form of fresh equity towards issuance of 555 Lakh equity share of Re. 1/- each. Promotes have already infused contribution of Rs. 194.96

Lakh by way of unsecured loans to be converted into equity post de-rating of equity share. PPCL envisages to receive the full amount of 555 Lakh within 6 months from date of sanction of the scheme, post restructuring/reduction in paid up value of the shares. The shares to be issued to shareholders will be at par and shall rank *pari-passu* with the existing shares.

- h. Seeking relief and concession from Registrar of Companies in the matter of de-rating of shares and issuance of additional shares of PPCL ranking *pari-passu* with the existing shares..

#### 11.6. Mobilisation of Funds:

The required funds shall be inducted through promoters contribution to Finance the cost of scheme
