

## **Chairman Speech for 37<sup>th</sup> AGM of iStreet Network Limited – 28<sup>th</sup> September 2024**

Dear Friends,

Esteemed Shareholders, my colleagues on the Board, We hope you and your families are in good health and spirits.

On behalf of the iStreet Board of Directors, I am happy to welcome you to the 37th Annual General Meeting of your company. Thank you for joining us today.

Over the financial year 2023-24 we are striving hard for remarkable milestones in our mission toward Artificial Intelligence. In my earlier communication with our stakeholder I have already mentioned that we have initiated work related to AI Services since last couple of years and we are creating a base for our company to accelerate the operation and revenue generation. Our company has been working hard, we are engaging with several organizations and companies for various AI projects as well for technology and product support. As you all know now AI has become an important part of our lives and we are seeing huge investment opportunities by governments, Investors, academia and enterprises on a scale, I can proudly announce that we are on a right path towards our operation, as AI has a great opportunity for us to comeback.

Coming to the financials during the FY 23-24, the company had no revenue, as we are yet to launch our product commercially, but we are very positive to recover and start with our operation after launch of the products and services in the coming years.

Before I conclude, I would also like to thank you all for your continued support. I also would like to thank my colleagues on the Board for their valuable guidance and all the employees and associates of the company for their continuous support in re-shaping the business of the company.

Thank you for your kind attention

Pradeep Malu

Chairman
